

*You shall love the Lord your
God with all your heart...,
and your neighbor as
yourself.*

*But he, desiring to justify himself,
said to Jesus, And who is my
neighbor?
—Luke 10*

*'...each of us was once an embryo.'
(U.S. Catholic Bishops)*

HUMAN EMBRYONIC STEM CELLS & A CONSISTENT ETHIC OF LIFE

Stem Cell Research

This is your opportunity to become better informed and more deeply concerned about this significant development in medical science, this controversial question in bioethics, this divisive issue in politics.

St. John the Evangelist Parish is pleased to welcome **Dr. Shawnee Daniels-Sykes, SSND, (Ph.D.,** Marquette University), Assistant Professor of Theology at Mount Mary College, to give her presentation and lead a Question and Answer session.

She will address the difference between human embryonic and adult stem cell research, and discuss such research in the light of principles of Catholic bioethics; she will also examine the question of what we are to do with the frozen 'spare' embryos that exist today.

'...do thou likewise': know your neighbor, love your neighbor, & foster a culture that respects all human life.

What: *Lifting the Ban on Human Embryonic Stem Cell Research: Implications for a Consistent Ethic of Life with a Question and Answer session*

When: Tuesday, April 19th, 2011

Where: St. John the Evangelist, 8500 W. Cold Spring Rd., Greenfield, WI in the Church Hall (*lowest level* parking lot)

Time: 7:00 pm

Other: Free-will Offering
For information or to **RSVP** (the count is for seating and refreshments) please **contact Kathy at 414-329-0991**.
Invite a neighbor along!

Sponsored by St. John's Respect Life Committee
